

Raveesha Vishwajith

UNDERGRADUATE IN COMPUTER SCIENCE

Profile

I'm an undergraduate student pursuing a BSc Honors in Computer Science at the University of Jaffna, specializing in both web and mobile app development. With hands-on experience in both domains, I'm driven to innovate and create user-centric solutions. Eager to apply my skills in real-world projects, I'm seeking opportunities to contribute to impactful initiatives and further expand my expertise.

Projects

Volunteer Management System

Project Manager / Frontend and Backend Developer

- We successfully developed a volunteer management system for university students, employing pure HTML, CSS, JavaScript, and MySQL. This project enhances organizational efficiency, streamlining volunteer coordination and management processes. Our comprehensive solution contributes to a more effective and collaborative university community through intuitive web-based functionalities.

Online Movie Ticket Booking App

Developer

- I developed a mobile app for online movie ticket booking using React Native, enabling seamless and intuitive access to movie screenings. This project showcases my proficiency in mobile app development and commitment to enhancing user experiences through innovative technology.

Patient Health Management System

Frontend and Backend Developer

- We're building a patient health management system with React Vite, Node.js, Tailwind CSS, and SMS gateway integration. This project demonstrates our dedication to leveraging modern technologies for efficient healthcare management, ensuring seamless communication and streamlined patient care.

Portfolio Website

Developer

- I developed a dynamic and responsive portfolio website using React and Next.js, providing an elegant and engaging user experience. This project highlights my expertise in modern web development technologies and demonstrates my ability to create performant and scalable web applications.

Education

Walisingham Harischandra College

2019 - Advanced Level

Physical Stream

A	-	Information and Communication Technology
C	-	Combined Mathematics
S	-	Physics

University of Jaffna / 2021 - PRESENT

BSc. (Honors) in Computer Science
